

REOPENING SAFELY

It's always a delicious day at...
THE FRENCH GOURMET
Catering • Restaurant • Bakery • Wine Boutique

The French Gourmet Food Service Safety Protocols for OLP

Food service in partnership with The French Gourmet (TFG) and Common Grounds will be available on campus. Additional safety measures include; implementing an online pre-order system including but not limited to, hands free purchasing through MealTime.

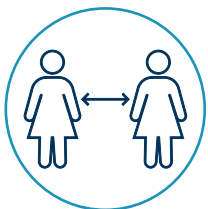

All TFG team members will wear protective face coverings and non-latex gloves at all times while performing job duties.

Cashless payment options through the mealtime account will be accepted and encouraged. For non-prepaid orders, a specific team member is dedicated to payment systems and handling cash as well as any other forms of payment and will not touch food products.

There will be a specific team member dedicated to sanitizing all common surfaces before and after service times.

Physical distancing practices will be implemented and appropriate sneeze-guards at food counters. Additional food dissemination locations will be set-up near Common Grounds.

Per the updated schedule, only students staying on campus for G-Block, after school activities, or late pick-up should be staying on campus for lunch. As always, students will be able to bring their own lunch to school as well.
